SUMMARY

I am a student at Ramaiah Institute of Technology in Bengaluru, currently pursuing my B.E(3rd year) in Electrical and Electronics Engineering. A dynamic and ambitious student with a passion for bridging the worlds of electrical and software engineering, driven by a desire to innovate and create solutions that make a difference. With experience in event management, I am adept at organizing and coordinating activities, demonstrating a flair for bringing people together and ensuring the success of projects and events. Also an enthusiastic entrepreneur, always on the lookout for opportunities to turn ideas into reality coupled with project management skills and responsibility to take on leadership roles and entrepreneurial vision.
